

IT'S RELAXATION and a "MUST" for the career girls of today who want to keep a trim figure and keep up their personal appearance as they take their places in the business world. With this in mind the Streamliners club meets every Monday evening at the local Y for their "streamlining" lessons. Pictured are, from left, Olive Marshall, Pauline Greer, and Evelyn Cole with their instructor, Anne Douglas. These sessions of exercise are open to all interested career women.

Career Girls Have Fun Keeping "Streamlined"

True to its tradition of meeting the needs of women and girls, the YWCA has a new club organized around the requests of many women in the Torrance area for classes in physical fitness.

The purpose of the "Streamliners" as they have named themselves is to promote physical well-being, to promote figure control, skill in ballroom dancing, and fellowship. The group is not quite a month old as it was organized following a pot luck supper on January 10. Today's meeting will be a pot luck supper at the YWCA with Pauline Greer, president, presiding.

The group meets at 5:15 p.m. every Monday at the YWCA, 2320 Carson, Torrance. While the time was set for the convenience of employed women, anyone may join. Those who join the class also join the Young Women's Christian As-

sociation and are thereby able to participate in other activities as well as to give support to the work with teen-age girls being done in the community.

Members of the group are: Misses Evelyn Clark, Beverly Whitney, Lois Gongwar, Greer, and Mmes. Lin Brannum, M. L. Demonet, R. B. Forthain, John W. Strom, S. M. Sutherland, and the Torrance Branch Director, Mrs. Charlotte Lukes.
